Please ask our friendly staff or check the blackboard for our current selection. We are rotating our beers for a better beer experience all the time .

WEISSBIER

The aroma and flavour of a Weissbier is decidedly fruity and they are very cloudy. These beers are made with at least 50 percent malted wheat, and the hop rates are quite low.

LAGER

Lager beers use a process of cool fermentation, followed by maturation in cold storage. It's got a little herbal bitterness and a slight floral aroma from the hops, as well as pleasantly balanced malty cereal flavours.

HELLES

A beer for beer lovers. The German-style Helles is a malty pale lager, light bodied and top fermented that balances a pleasant malt sweetness and body with floral noble hops and restrained bitterness.

PILSNER

German Pilsner is a light-bodied and highly attenuated lager beer brewed from 100% barley malt and generally defined as a golden-coloured bottom fermented bitter beer showing excellent head retention and a floral hop aroma.

DUNKEL (Seasonal)

This is basically a mild, dark lager beer that is malt forward and gently hopped. It's a very smooth and perfect balanced lager with all the flavours of a dark beer.
